

# Problem Solving with Preschoolers

## I can...

- Think of solutions to the problems I experience
- Begin working cooperatively with others to solve problems
- Start to reflect on my use of problem-solving strategies
- Persist longer through the frustration of a problem

## Nurturing Problem Solving with Preschoolers

- Use visuals to help me remember how to problem solve and find solutions.
- Create intentional opportunities to practice problem solving with peers. (e.g. collaborative materials).
- Encourage me to think of solutions before offering suggestions.
- Notice my problem-solving with positive descriptive feedback.
- Help me reflect on my use of problem-solving.
- Model and narrate your own use of problem-solving.
